

**Assistant Professor, Associate Professor, or Professor of Ecology
Department of Ecology, Evolution, and Organismal Biology**

Kennesaw State University is now accepting applications for a nine-month, tenure track Assistant Professor, Associate Professor, or Professor of Ecology faculty position in the Department of Ecology, Evolution, and Organismal Biology which begins August 2019. Responsibilities will include teaching, scholarship, and service in the area of Ecology. An earned doctorate in biology, ecology, or related disciplines or the foreign equivalent is required.

For more than 50 years, Kennesaw State University has been known for its entrepreneurial spirit and sense of community. Offering campuses in Marietta and Kennesaw, the university is located just north of Atlanta and combines a suburban setting with access to one of the country's most dynamic cities. As Georgia's third-largest university, Kennesaw State offers more than 100 undergraduate and graduate degrees, including a growing number of doctoral programs. Designated by the Board of Regents of the University System of Georgia as a comprehensive university, Kennesaw State is committed to becoming a world-class academic institution positioned to broaden its academic and research missions and expand its scope on a local, regional and national level.
